874V 03FAC	CZ706 None	C100 02 C100 02	874 597 003 97	<p>Ancillary Repair and Alterations - Repair and Alterations ancillary to existing SINs under this Schedule. Ancillary Repair and Alterations projects are those (1) solely associated with the repair, alternation, delivery or installation of products or services also purchased under this Schedule, and which are (2) routine and non-complex in nature, such as routine painting or carpeting, simple hanging of drywall, basic electrical or plumbing work, landscaping, and similar noncomplex services. This SIN EXCLUDES: (1) major or new construction of buildings, roads, parking lots and other facilities; (2) complex R&A of entire facilities or significant portions of facilities, and (3) Architect-Engineering Services subject to Public Law 92-582 (Brooks Act).</p> <p>The work performed under this SIN shall be associated with existing SINs that are part of this Schedule. Ancillary Repair and Alterations shall not be the primary purpose of the work ordered but be an integral part of the total solution offered. Ancillary Repair and Alteration services may only be ordered in conjunction with or in support of products or services purchased under this Federal Supply Schedule contract. This SIN includes all regulatory guidance outlined in accordance with FAR 22, 28 and 36, including the Davis Bacon Act and the Miller Act. Special Instructions: No award will be made under C100-03 , Ancillary Repair and Alterations unless an offeror is awarded (or receives award concurrently) for SINs under the Facilities Maintenance Mangement (03FAC) or Logworld (8745) portion of this Schedule contract. For federally-owned space managed by GSA's Public Building Service (PBS), approval of the PBS Building Manager must be received by the ordering activity and contractor before any repair and alternation work may be ordered. A copy of the approval must be retained by both the ordering activity contracting officer and the contractor. Owned or leased space outside the PBS inventory may also include approval requirements. A copy of the approval must be retained by both the ordering activity contracting officer and the MAS contractor performing the R&A wervices. This R&A SIN shall not be used for PBS leased space. Any agency contracting officer ordering services under this SIN for Ancillary R&A is responsible for complying with his or her agency's internal policies when procuring R&A services. This may include a specific warrant delegation for procuring "construciton" services when the estimated amount of this portion of the task order exceeds \$2,000. (Ref. FAR 22.4). Special Notice to Ordering Agencies: GSA or other landlords may require re-performance of any nonconforming work at agency expense. If applicable, agencies may seek appropriate recourse fromt he contractor responsible for the nonconforming work.</p>	none	Z111	none

These supplies and/or services are necessary to compliment a contractor's offerings to provide a solution to a customer requirement. This SIN may be used for orders and blanket purchase agreements that involve work or a project that is solely associated with the supplies and/or services purchased under this schedule. This SIN EXCLUDES purchases that are exclusively for supplies and/or services already available under another schedule. Special Instructions: The work performed under this SIN shall be associated with existing SIN(s) that are part of this schedule. Ancillary supplies and/or services shall not be the primary purpose of the work ordered, but be an integral part of the total solution offered. Ancillary supplies and/or services may only be ordered in conjunction with or in support of supplies or services purchased under another SIN(s) of the same schedule. Offerors may be required to provide additional information to support a determination that their proposed ancillary supplies and/or services are commercially offered in support of one or more SIN(s) under this schedule.	none	R799	\$1M
Facilities Maintenance and Management (03FAC)							
03FAC	CJ019	C812 001	812 001 combined w/812-002	Dry Docking and/or Dockside Maintenance and Repair Services – Dry Docking services include, but are not limited to, the lifting of vessels out of the water for inspection, repair of hull surfaces and undocking after completion of work. Dry Docking services include floating dry docks, graving dry docks, marine railways, vertical lifts, and travel lifts and cranes used in the removal of marine vessels from the water for the performance of inspection, testing, maintenance and repair services. Dockside maintenance and repair services could include, one or more of the following: preservation of ship structures, deck covering systems, welding processes, temporary hull access, electrical and HVAC systems, auxiliary machinery systems, shipboard ventilation systems, electrical rotating machines, generators and motors, propulsion systems, and tank and void inspection, testing, repair and maintenance. Dry Docking and Dockside Maintenance could include a variety of classes of marine vessels.	\$1M	531120	\$7M

Single Schedule	Prior SIN	New SIN	Single Schedule SIN	SIN Definition	Maximum Order	NAICS Code	Size Standard
03FAC	811 001 CJ039 CR407	C871 202	871 202	Energy Management Planning and Strategies - A four-phase Comprehensive Energy Management Solution consisting of all four phases of an energy project and could pertain to a variety of energy projects that include, but are not limited to, renewable energy, sustainable energy, and energy efficient buildings certification programs such as LEED. 1. Consulting/Auditing/Energy Management Solutions - The strategic planning, energy assessments e.g. feasibility, vulnerability and other detailed assessments, developing and executing of energy audits, audit plans and energy management solutions. 2. Concept Development and Requirements Analysis - The analysis of the audit results and outlined requirements to design a detailed energy management project concept. 3. Implementation and Change Management - The implementation and integration of more energy efficient practices and systems and training in using them effectively. 4. Measurement and Verification - The performance assessment and measurement of the effectiveness and energy efficiency of the project and can include long term monitoring, verification of savings and benchmarking.	\$1M	541618	\$7 M
03FAC	811 002 CS216 CR407A	C871 203	871 203	Training on Energy Management - Including, but not limited to, reducing energy consumption, mitigating risk with energy systems, operating systems efficiently, making energy efficient system choices, and energy efficient buildings certification programs such as LEED.	\$1M	611430	\$7M
03FAC	811 003 CS216A CR407B	C871 204	871 204	Metering Services - Including, but not limited to, the installation of metering equipment and software used for the collection of data and measurement of energy consumption through electric, gas, water or steam utilities, the utilization of data to ensure energy conservation goals are being met, and allows for the measurement and tracking of the cost effectiveness of energy technology investments. This could include basic metering services, advanced metering services, maintenance, installation, removal and disposal of new or existing equipment. Security clearances such as HSPD-12 may be required.	\$1M	561990	\$7M
03FAC	811 004 CS119 CR407C	C871 205	871 205	Energy Program Support Services - Including, but not limited to, billing and management oversight and assistance in preparing energy services related agency statements of work. Energy efficient buildings certification programs such as LEED may be included.	\$1M	561990	\$7M
03FAC	CR407D	C871 206	871 206	Building Commissioning Services - Including, but not limited to, comprehensive building commissioning services on new construction, major modernization projects, and existing energy consuming buildings and facilities designed to ensure the building systems are designed and built to operate as efficiently as possible. This includes re-commissioning and retro-commissioning services. Energy efficient buildings certification programs such as LEED may be included.	\$1M	541380	\$12 M

Single Schedule	Prior SIN	New SIN	Single Schedule SIN	SIN Definition	Maximum Order	NAICS Code	Size Standard
03FAC	CR407E	C871 207	871 207	Energy Audit Services Including, but not limited to, developing, executing, and reporting on audit plans and/or performing energy and water audit services. Energy audits may range from cursory to comprehensive. Including, but not limited to data collection, data analysis, benchmarking with tools such as Energy Star, and written recommendations of suggested upgrades of electrical and mechanical infrastructure, including their impact on energy consumption and pollution can include recommendations for using alternative Energy Sources. Audit services can include computerized control systems using analytical software and a network of electronic devices to assist Federal agencies with achieving energy conservation goals. Energy efficient buildings certification programs such as LEED may be included.	\$1M	541330	\$4.5 M
03FAC	CR407F	C871 208	871 208	Resource Efficiency Management (REM) - Including, but not limited to, providing information on possible steps that will improve energy efficiency. This information shall include estimates of cost savings and environmental benefits. This includes onsite analysis of current operations, equipment, and energy purchasing patterns. This may include the services of a resource efficiency advocate for individual or aggregated building(s) in order to maximize resource efficiency. Energy efficient buildings certification programs such as LEED may be included.	\$1M	541618	\$7M
03FAC	CR407G	C871 209	871 209	Innovations in Renewable Energy - Innovative approaches to renewable energy. These might include, but are not limited to, new developments or improvements in providing renewable energy and managing energy through biomass conversion, solar energy, fuel cells, geothermal energy, hydropower (tidal power, wave power, tidal stream power, waterwheels, and hydro electricity), wind power or other sources, and the maintenance of renewable energy systems. These approaches should be capable of providing renewable and/or sustainable energy and sustainability services that are more carbon-neutral, thereby lessening dependence on traditional non-renewable, fossil fuel sources of energy such as coal, oil, natural gas and propane.	\$1M	541330	\$4.5 M
03FAC	CR407H	C871 210	871 210	Water Conservation - Water Conservation: Services and consulting related to the reduction of water usage, recycling of water for multiple purposes, retention of water, improvement of water quality and water flow. These services can include, but are not limited to, facility water audits, water balance, and water system analysis.	\$1M	238220	\$14 M

Single Schedule	Prior SIN	New SIN	Single Schedule SIN	SIN Definition	Maximum Order	NAICS Code	Size Standard
03FAC	CR407G	C871 211	871 211	Energy Consulting Services - Contractors shall provide expert advice, assistance, guidance or counseling on energy related projects or initiatives to assist agencies in adhering to energy legislation and policy such as EPACT 2005, Executive Orders 13423 and 13514. Consulting services covered by this SIN include: Energy management or strategy Energy program planning and evaluations Energy related studies, analyses, benchmarking and reporting such as feasibility studies, vulnerability assessments, and energy security Assistance in meeting energy efficient building standards such as Leadership in Energy and Environmental Design (LEED), Green Globes and Energy Star. Advisory services in obtaining alternative financing for energy projects such as Energy Savings Performance Contracts, Power Purchase Agreements or Enhanced Use Leases Consulting on carbon emissions trading programs Consulting on where to obtain renewable energy credits/certificates Consulting on greenhouse gas measurement and management Strategic sustainability performance planning Consulting on obtaining high performance sustainable buildings.	\$1M	541690	\$7M
03FAC	CJ025	C801-001	801-001	Surface Preparation -Services related to the preparation for application of chemical compounds to Federal vehicles, machinery and other equipment and Support Training/Consultation Services as they pertain to preparation for and application of chemical compounds to Federal vehicles, machinery and other equipment. THIS SIN DOES NOT COVER PASSENGER CARS, TRUCKS OR BUSES. These services include surface preparation for painting and sealant application on ships, aircraft, VEHICLES and other equipment or machinery surface that requires application of chemical compound, such as paint, sealant, coatings, or adhesives.	\$1M	811121	\$7M
03FAC	CJ025	C801-002	801-002	Application of Chemical Compounds -Services involving the application of chemical compounds to federal vehicles, machinery and other equipment and Support Training/Consultation Services as they pertain to application of chemical compounds to Federal vehicles, machinery and other equipment. THIS SIN DOES NOT COVER PASSENGER CARS, TRUCKS OR BUSES. These services include painting and sealant application on ships, aircraft, VEHICLES and other equipment or machinery surface that requires application of chemical compound, such as paint, sealant, coatings, or adhesives.	\$1M	332812	500 Employees

Single Schedule	Prior SIN	New SIN	Single Schedule SIN	SIN Definition	Maximum Order	NAICS Code	Size Standard
03FAC	CR407G	C003-01	003-01	Smart Buildings Systems Integrator -Includes the comprehensive integration of building systems and technology using a non-proprietary and open architecture. Typical building systems to be integrated include: building automation, life safety, telecommunications, facilities management, security, energy and environmental control, HVAC, lighting, building envelope, access control, power management, cabling infrastructure/wireless, VOIP, video distribution, video surveillance, data network, etc. Typical integration functions include, but are not limited to: requirements analysis, strategic systems planning, system configuration, implementation alternatives, integration planning, system component acquisition, component integration, testing and analysis, interaction with Building Operations Centers, collection/manipulation of smart building component data, configuration management and control, design-guide development, operational training and support, monitoring, reporting and managing of the systems, and systems maintenance.	\$1M	541690	\$7M
03FAC	CH335	C541-001	541-001	Independent Elevator Inspection Services -Services include the performance of complete independent inspection and testing of a variety of vertical transportation such as elevators, escalators, dumb waiters, wheelchair lifts, and moving walkways, and include, but are not limited to systems, equipment and components such as hoist way and car doors, guides and operating devices; hoisting machines, sheaves and brakes, motors and motor generator sets; hoisting ropes, governor ropes, safety ropes, compensation ropes, operating cables, governors, safeties, interlock and contacts, guide rails and oiling devices, terminal, slowdown and leveling devices, elevator cars, counterweights, and buffers, machine rooms, hoist ways and pits, automatic and manual emergency fire service (phase I and II) and emergency power operations.	\$1M	541350	\$7 M
03FAC	CJ065	C561 001	561 001	Fire Alarm System Preventative Maintenance and Repair Services - Services include but are not limited to the performance inspection, testing, and preventive maintenance or repair of a variety of fire alarm and notification systems, equipment and components such as manual alarm devices, smoke and heat detectors, tamper switches, pressure switches, waterflow switches, remote and graphic annunciators, main fire alarm panel and components, voice alarm system, speakers and horns and other audible and visual devices, wiring circuits and junctions, all other alarm, detection and control and ancillary devices, and emergency power operations.	\$1M	561621	\$12.5 M
03FAC	CJ065	C561 002	561 002	Water Based Fire Suppression System Preventative Maintenance and Repair Services - Services consist of but are not limited to, the performance inspection, testing and preventive maintenance or repair services of all mechanical devices including valves, sprinklers, couplings, piping and connections, water motor gongs and alerting devices, tamper switches, pressure switches, water-flow switches, standpipes, backflow preventers, private fire service mains, pumps and test headers.	\$1M	561621	\$12.5 M

Single Schedule	Prior SIN	New SIN	Single Schedule SIN	SIN Definition	Maximum Order	NAICS Code	Size Standard
03FAC	CJ039	C811 001	811 001	Elevator and Escalator Preventative Maintenance - Services consist of, but are not limited to, the performance of full repair and maintenance services including maintenance or repair of all mechanical devices and lighting, fixtures, ballast, bulbs, lamps, tubes, intercoms, telephone devices, wiring, appurtenances mounted in or on the car, fans, air conditioning units, security systems, lenses switches, lens plates, push buttons, and doors.	\$1M	332812	500 Employees
03FAC	CS216	C811 002	811 002	Complete Facilities Maintenance - Services related to the complete operations, maintenance and repair of military and government facilities to include green maintenance. These services could include but are not limited to a combination of: painting as it relates to maintenance; property maintenance; pest control services; grounds maintenance; landscaping; tree trimming; and snow removal; elevator inspection and maintenance services; fire alarm system preventive maintenance and repair services and fire suppression system preventive maintenance and repair services; locksmith services; laundry services; janitorial/custodial services; collection and disposal of refuse; collection and disposal of recycle materials; roofing repair (excluding complete roof replacement); plumbing and pipefitting; electrical, including high/low voltage systems and utility service; maintenance and repair of exterior electrical building distribution system; paving as it relates to maintenance and repair of surface areas; telephone maintenance; support training and consulting services; cemetery maintenance; operation and maintenance of water distribution system and maintenance of the septic field; repair of water tanks; all mechanical and operations maintenance and repair of building systems; heating/ventilation/Air Conditioning (HVAC) maintenance; boiler and chiller maintenance; and maintenance of facilities, renewable energy systems, Energy Management Control Services (EMCS) and building systems to include instruments; carpentry; masonry; and refrigeration services. Special ordering procedures, which include Davis Bacon wage rates and clauses apply to this SIN. Excludes Architectural Engineering Services (A and E) under the Brooks Architect-Engineers Act as stated in Federal Regulation (FAR) Part 36. NOTE: NOTE: See requirements for C811-002 in Part I (Goods and Services) of Schedule Solicitation number 3FNJ-C1-000001-B.	\$1M	561210	\$35.5 M
03FAC	CS216A	C811 003	811 003	Complete Facilities Management - Services include facilities management and consulting. Services will be management duties including, but not limited to, property and facilities management, planning, scheduling, quality control software support services, and computer and/or facilities management systems. The service will include adequate staff of personnel and alternates as required, with the necessary management expertise to assure performance of the work in accordance with sound and efficient management practices. [For separate SIN requirements not part of integrated facility management systems support such as independent energy management systems, intrusion alarm systems, and guard services, see schedule 84]	\$1M	561210	\$35.5 M

Single Schedule	Prior SIN	New SIN	Single Schedule SIN	SIN Definition	Maximum Order	NAICS Code	Size Standard
03FAC	C S119	C811-004	811-004	Maintenance of Utility Systems – Services include but are not limited to one of the following: Electrical Utilities, all types of Cabling Services, Telephone Utility Services, Gas Utility Services, Drinking Water Utility Services, Waste Water Services, and/or Water Utility Services necessary to meet the Government's needs. Resulting task orders could be used for the operation, maintenance, repair, future upgrades, future utility system replacements labor, materials, tools, and equipment necessary to own, maintain and operate the utility system(s). Task orders could also be used to manage the maintenance, repairs, replacement, etc., of the system(s) to ensure continuous, adequate, and dependable service for each Government agency or tenant.	\$1M	238210	\$14 M
03FAC	CJ041	C811 005	811 005	Refrigeration, Heating, Ventilation, Air Conditioner, Boiler and Chiller HVAC Maintenance - Services related to providing heating and ventilation services. Service could include, but are not limited to, cleaning; air balancing; restoration and de-contamination of HVAC systems or any combination of providing plant equipment; materials; tools; transportation; supervision; labor to perform all repairs; periodic preventative maintenance (PPM); and emergency service work calls to ensure continual operations of refrigeration; heating; ventilation; air conditioner; boiler; Geothermal heat pump systems; renewable energy systems; and boiler and chiller systems.	\$1M	238220	\$14 M
03FAC	CS216B	C811 006	811 006	Facilities Maintenance and Management Consulting - Facilities consulting services that include, but are not limited to: the development, planning, facilitation, coordination, documentation, program planning, audits, inspections, evaluations, studies, analyses (including cost), scenarios, reports, policy and regulation development assistance for initiatives in areas of facilities maintenance and management solutions.	\$1M	541611	\$7 M
03FAC	CS208	C371 001	371 004 combined w/371-001	Grounds and/or Cemetery Maintenance - Services include but are not limited to the planning; design (excludes A&E services); development; maintenance; management and operations, for grounds and/or cemetery maintenance at or on Federal facilities and/or properties including cemetery and surrounding grounds. These services involve mowing; planting; seeding; fertilizing; raking; mulching; watering; pruning; weeding (including spraying and pre- and post-emergent treatments); aerating; landscaping (including organic; green and native landscaping); landscaping design (excludes A/E services); raising, setting and aligning headstones; cleaning of headstones; garden maintenance services; maintenance of existing fencing, railing, benches, flag poles, monuments or statues; hydro seeding services; indoor plant and shrub maintenance, including tropical plant maintenance; maintenance of ornamental trees and shrubs; plant maintenance; seasonal grounds maintenance (such as snow plowing and removal); maintenance of irrigation systems, drainage and water features; shrub bracing; sod laying; shrub trimming; green roof maintenance; turf installation; turf and lawn restoration services; lawn painting; natural re-vegetation; and snow and ice removal.	\$1M	561730	\$7M

Single Schedule	Prior SIN	New SIN	Single Schedule SIN	SIN Definition	Maximum Order	NAICS Code	Size Standard
03FAC	C S208	C371 002	371 002	Tree Planting/Trimming/Removal - Services include but are not limited to the planning, development, management, operation, and maintenance of trees on Federal facilities and/or properties. These services involve planting, trimming, removal and mulching and all other services relating to tree planting/trimming/removal.	\$1M	561730	\$7M
03FAC	C S207	C371 003	371 003	Pest Control - Services include but are not limited to the planning, development, management, operations and maintenance for pest control and removal at or on Federal facilities and/or properties. These services involve applications of pesticides, trapping and/or removal of pests.	\$1M	561710	\$7M
The Office, Imaging and Document Solution (36)							
36	CW036	C51 55	51 55	Rental Plan for Copiers - Rental plans for all copier equipment. Rental rates cover unrestricted normal use of the rented equipment up to the maximum number of copies (e.g., number of copies per month) identified in the rental agreement. An excess charge per copy is usually assessed for copies over the maximum number of copies provided for under the rental agreement. The rental rate includes full-maintenance service (repairs, adjustments, replacements) by authorized service technicians, at no additional cost to the customer. Rental rates do not usually include the cost of consumable supplies.	\$350K	532299 532420	\$7M \$25M
36	CJ036	C51 56	51 56	Repair of Government-Owned Equipment (all equipment covered under Schedule 36) for equipment not under Maintenance Service Agreement - This SIN covers repair of any type of copier equipment offered under this schedule and not covered under a maintenance service agreement. Includes directly related attachments, supplies and accessories.	\$350K	333293 333220	500 Employees 500 Employees
36	CJ036A	C51 57	51 57	Maintenance Service Agreement For Copiers - This includes a maintenance service agreement consists of preventative and repair (remedial) services. Preventative consists of those scheduled service calls necessary to maintain the equipment in first-class operating condition (e.g., cleaning, lubricating, adjusting, and replacing parts when needed). Repair (remedial) services consist of those unscheduled service calls necessary for repairs not caused by fire, water, accident, and fluctuations in electrical power or customer abuse. The Maintenance Service Agreement and Repair Service include the cost of labor, transportation, replacement/spare parts, (excluding consumable operating supplies). The greater the distance from the maintenance facility to the user the higher the monthly fees. In the event the Government's equipment requires initial repair or overhaul prior to acceptance by the contractor for coverage under a maintenance service agreement, the charges for such repairs, including replacement parts and labor, and for a complete rebuilding or overhauling of Government's equipment are usually not included in the preventative service agreement.	\$350K	532299 532420	\$7M \$25M

Single Schedule	Prior SIN	New SIN	Single Schedule SIN	SIN Definition	Maximum Order	NAICS Code	Size Standard
36	CW036	C51 58	51 58	Lease to Ownership Plans (LTOP) Copiers - Lease-to-Ownership Plans (LTOP) are intended for customers who want to lease all types of copiers to secure ownership. At the end of the lease period and upon final payment of all charges due, the Title: and the leased equipment is immediately transferred from the contractor to the government customer. The lease rate does not include the cost of maintenance or consumable supplies. Maintenance service is offered under SIN 51 57 Maintenance Service Agreements (Copier).	\$350K	532420 532299	\$25 M \$7M
36	C W036	C51-58A	51-58A	Operating Lease Plan For Copiers - Operating Lease plans under SIN 51 58a are applicable to copiers only. An operating Lease plan allows Federal customers to lease the equipment for a monthly rate over a period of time, with NO intent to purchase the equipment at the end of the lease agreement period. Ownership of the asset remains with the lessor. Consumable supplies are available for copier equipment under SIN 51 101 2. Consumable supplies and maintenance service shall be billed as a separate and additional charge	\$350K	532420 532299	\$25 M \$7M
36	C W036	C51-58B	51-58B	Operating Lease Plan - (All Other Products) - Operating Lease plans under SIN 51 58b are applicable to all other products (e.g., laboratory imaging systems, mailroom equipment, typewriters, darkroom w/equipment and supplies, network optical systems) under Schedule 36, with the exception of copiers. Operating Lease Plan for copiers are accepted under SIN 51 58a. Operating Lease plan allows Federal customers to lease the equipment for a monthly rate over a period of time, with NO intent to purchase the equipment at the end of the lease agreement period. Ownership of the asset remains with the lessor. Maintenance is not included under this SIN and therefore may be acquired under SIN 51 57. Consumable supplies are not included under this SIN.	\$350K	532420 532299	\$25 M \$7M
36	C 3610	C51 100	51 100	Copiers - Analog, engineering, digital/multifunctional copiers having single-color and/or full-color imaging in both desktop and console configurations. Analog copier has only copying capability. Digital/Multifunctional copiers have capabilities such as copying, printing, faxing, scanning to print/file, and/or facsimile with post finishing solutions connected to individual and network stations with solutions. The Multi-functional digital copier may have integrated functional capabilities or have modular expansion capabilities that permits functional upgrading. Both analog and digital/multifunctional copiers may have image enhancement capabilities (e.g., image magnification, reduction, contrast), paper handling capabilities (e.g., automatic paper selection, multiple paper trays, duplexing, collating), and/or document finishing capabilities (e.g., stapling, folding, punching). Copier speeds vary from under 25 copies per minute to over 100 copies per minute with copying volumes from under 1,000 copies per month to over 450,000 copies per month. Engineering copier also includes both analog and digital copiers (e.g., copiers capable of using transparent and opaque	\$350K	333293	500 Employees

Single Schedule	Prior SIN	New SIN	Single Schedule SIN	SIN Definition	Maximum Order	NAICS Code	Size Standard
				originals to produce plain paper, vellum or polyester film copies and capable of copying A to E size drawings. Full color, non-laser copiers, and other non-standard copier equipment (e.g., copy boards and easels) are included. It also includes copy control devices and systems for equipment under this SIN that can be used to limit copier access to authorize users and to record copier usage. The devices include mechanical and electrical copy-controls (e.g., key counters, cartridges, interface kits) and copy-control systems (e.g., central data collection units, and related connection devices as an integrated package). Transparency film is available under SIN 51 101 7 and consumable supplies are available under SIN 51 101 2. This SIN includes directly related attachments, accessories and supplies. Note: Interactive Electronic Whiteboards are offered under SIN 20 300.			
36	C3610A	C51 100C	51 100C	Cost-per-Copy Plan for Copiers (to include Analog, Digital, Multifunctional & Engineer Copiers) - This SIN includes cost-per-copy plans; the customer identifies the guaranteed minimum number of copies required per month and the required functional capability of the copier equipment. As necessary to satisfy the customer's requirements, the contractor provides the required copier equipment, including accessories, attachments, copy-control devices and systems, all consumable supplies (except copying paper and transparency films), and full-service maintenance including repair parts. The customer pays a fixed monthly fee based on the customer's guaranteed minimum number of copies per month. For copies over the guaranteed minimum, the customer pays an additional fee for each copy made.	\$350K	333293 333220	500 Employees 500 Employees
36	C3610B	C51 100F	51 100F	Flat Rate Monthly Fee Copying Plan For Copiers - Includes flat-rate monthly-fee plans; the customer identifies the approximate number of copies required per month (i.e., monthly volume level) and the required functional capability of the copier equipment. As necessary to satisfy the customer's requirements, the contractor provides the required copier equipment, accessories, attachments, copy-control devices and systems, all consumable supplies (except copying paper and transparency films), and full maintenance services including repair parts. The customer pays a flat-rate monthly fee for copier, regardless of the number of copies made each month.	\$350K	333293 333220	500 Employees 500 Employees
36	C 3610C	C51 101 2	51 101 2	Consumable Supplies for Copiers, Computers Printers and Fax Machines - includes directly related supplies (e.g., toner developer, dry ink, dry imager, fuser oil and fusing rollers, cleaning blades, pickoff fingers, photoconductors, photoreceptor belts and drums, staples wire, binder material, binder adhesive) for the copier equipment available under 51 100. Other directly related consumable supplies for computer printers and fax machines are toner, developer, and new manufactured single-and full-color toner cartridges) for laser and inkjet computer printers, fax machines and systems. This SIN does not include copier paper or transparency films for copiers. Transparency films are available under SIN 51 101 7.	\$350K	424120	100 Employees

Single Schedule	Prior SIN	New SIN	Single Schedule SIN	SIN Definition	Maximum Order	NAICS Code	Size Standard
36	C 3610S	C51 101 7	51 101 7	Transparency Film - Includes wide range of transparency film, Xerographic Type, designed for single and color copiers, Thermal Type - designed for different image and background colors (e.g., infrared transparency film and Special Types - Transparency films (excluding xerographic and thermal films) for making special transparencies (e.g., transparency films for use with laser, inkjet, and dot matrix character printers, opaque films, write-on films, and thermal transfer films for use with computer generated graphics for color transparencies). This SIN also includes directly related accessories, attachments (e.g., mounts, and supplies) (SET ASIDE FOR SMALL BUSINESS)	\$350K	333315	500 Employees
36	CJ036B	C51 208	51 208	Maintenance Service Agreement For all Other Equipment Repair, replacement, and spare parts for equipment other than copiers, including their associated accessories and attachments. - A maintenance service agreement consists of preventative and repair (remedial) services. Preventative consists of those scheduled service calls necessary to maintain the equipment in first-class operating condition (e.g., cleaning, lubricating, adjusting, and replacing parts when needed). Repair (remedial) service consist of those unscheduled service calls necessary for repairs not caused by fire, water, accident, fluctuations in electrical power or the customer. The maintenance service agreement includes the cost of labor, replacement parts, and supplies (excluding expendable operating supplies). In the event the Government's equipment requires initial repair or overhaul prior to acceptance by the contractor for coverage under a maintenance service agreement, the charges for such repairs, including replacement parts and labor, will usually not be covered under the initial maintenance service agreement. In addition, charges for labor and replacement parts for complete rebuilding or overhauling of the Government's equipment are usually not included in the maintenance service agreement. rebuilding or overhauling of the Government's equipment are usually not included in the maintenance service agreement.	\$350K	323113 323114 323115 323119 532299 532420	500 Employees 500 Employees 500 Employees 500 Employees \$7M \$25M
36	C 3610D	C51 212	51 212	Post Copying/Finishing Equipment and Supplies - This SIN includes paper folding, paper gathering, inserting, collating and finishing, paper cutting and all other related equipment.	\$350K	333293	500 Employees

36	C 3610E	C51 229	51 229	<p>Digital Duplicating Equipment - Digital duplicators scan original documents and automatically form an intermediate stencil master that transfers liquid ink to the paper to produce the desired number of copies at speeds up to 150+ copies per minute. Digital duplicators are capable of fast, large-size copying runs in single- color and/or full-color. When connected directly to a digital computer for desktop publishing applications, many digital duplicators can operate as high-speed (e.g., 120 copies per minute), high-quality printers capable of producing copies equivalent to those produced on high-speed, laser-quality printers with high resolution prints. Digital duplicators fill the gap between conventional copiers, which are used, for a small number of copies and offset presses, which are used, for a large number of copies. For over 25 copies of each original, the cost per copy using a digital duplicator is usually lower than for copies made using a conventional copier. Includes directly related supplies, accessories and attachments (e.g., cabinets, digital duplicator and color drums, automatic document feeders, edit boards, computer interface equipment, paper tray, tape marker,</p>	\$350K	323113 323114 323115 323119	500 Employees 500 Employees 500 Employees 500 Employees
				high capacity sheet feeders, interface kits, sorters, tape dispensers, and controllers for imaging processing, spirit fluids, spirit correction fluids, masters, black and color inks, job separator colored tape.			
36	C 3610F	C51 409	51 409	<p>Network, Optical Imaging Systems and Solutions - The user will have the capability to search for documents from a variety of sources such as desktop computer, intranet/internet, LAN/WAN. The software will support the user's needs in capturing data in typed print, handprint, mark sense and barcode, electronic data and paper documents into an electronic format in a reliable, secured operating environment. To enable the user to migrate legacy based unstructured paper and electronic data into an electronic document; the contractor will provide the hardware and software. One of more of the following will be provided by the contractor, software/hardware components into medium of choice: Data & Document Capture, Document Imaging, COLD, Document Management, Storage Management, Document Management Scanner, and other related equipment. Document Solutions Additionally, this SIN includes equipment to include solutions for small to medium-size offices to allow the user to capture, file paper documents and retrieve data in seconds. This reduces the cost of storage and key documents and media. This equipment requires no software</p>	\$350K	333315	500 Employees
				installation, just plug and play and can be fully access to the Web browser with ease. Document Storage Solutions are designed to deliver and maintain on/off line storage solutions for users who need to present, share, archive and distribute information on CD, DVD, DVRAM and other related mediums. Ideal to work with popular networking protocols including TCP/IP on Ethernet or Wideband network. Other related equipment may be offered. This SIN includes directly related software, accessories, attachments and supplies.

36		C51 500	51 500	Managed Print Services - Managed Print Services (MPS) includes equipment and services required to manage imaging output that may include printing, scanning, copying, and fax devices in a system that monitors and reports status, needs and usage trends on regular basis. The MPS plan may be based on a needs analysis completed under SIN 51 501. Services may include but are not limited to creating a business plan solution that incorporates recommendations for each existing piece of equipment (including removing/retirement/recycling/disposal). The plan may be phased to allow for an orderly progression to the new output environment. The plan should take into account the usage and floor plan of the equipment.	\$1M	532420	\$25M
36	CR699	C51 501	51 501	Needs Assessment and Analysis Services - Needs Assessment and Analysis Services consist of a comprehensive assessment of the customer's existing objectives, capabilities and, funding obligations which will provide agency's recommendation(s) on how to meet or exceed organization's overall performance by providing total office equipment/document management solutions. Needs Assessment and Analysis Services provide for professional support in analyzing and developing customer requirements. Regardless of the specific approach and strategies described in the technical proposal for each work segment, the work in general shall include consulting services, and other related services Needs Assessment - The purpose of the needs assessment is to determine the optimal print solution for a particular organization within an agency, based on the existing workflow and output environment. Needs assessments may include data collection from the existing devices, as well as end users. Device data can be collected manually, and/or through data collection tools such as enterprise software deployment and/or USB discovery devices. The data collected in this process will show the amount of output	\$1M	541370 541611	\$4.5M \$7M
				show the amount of output produced for any given organization. Identification of these needs will assist in pricing and establishing best value criteria for the implementation phase, and analyze the footprint of the defined fleet to determine optimal placement of equipment. Fleet Assessment - Fleet assessments shall include the collection of device information and performance data on the defined fleet through manual assessments and/or software deployment. Assessments shall also include surveys and floor plans of all devices. This phase should identify the equipment (and related MIB data) that may or may not be covered by available MPS software suites. Fleet assessments should identify potential software compatibility issues with non-native software deployments, and individual and total energy consumption of the existing fleet.

36	C R699A	C51 503	51 503	Education and Training Support Services - Education and training support services provide the customer with a comprehensive knowledge (e.g., operational capabilities, user-training, maintenance training, repair techniques) of products offered herein (e.g., color copiers, computer-enhanced copiers, special-application copiers, multi-functional digital copiers, duplicators, high-speed printers, scanners, digital cameras, software applications, photographic laboratories, shredding machines, mail-mobile delivery systems, media storage, network and optical systems), procedures, processes, and applications. Services may include (e.g., destruction, document conversion, records management and photographic). Training may be offered in various forms: onsite/offsite, CD ROM based training, interactive on-line training. Note: Training of personnel that is required to be provided at initial installation or during the course of the contract and training that is normally provided by the contractor to commercial and/or government customers (at no additional cost to the customer) is not included.	\$1M	611519	\$7 M
36	C R699B	C51 504	51 504	Records Management Services - Record management services provide a comprehensive capability to solve the complex challenges posed by the movement, manipulation, archiving, security, and management of records. The contractor provides professional management and administrative support personnel having the necessary skills to perform effective record management services for both classified and/or unclassified records. The services are provided using either Government or contractor equipment and facilities or a combination of both. The contractor provides those services necessary to meet the following record management objectives using Government equipment and facilities. The Record management objectives are to maintain the existing file room in a manner that permits the easy location, retrieval, and storage of files. File Organization and Maintenance Services - Generally on-site services i.e., organization of files not for storage, tracking of files, information and documents indexing, scanning, labeling, bar-coding and filing.	\$1M	561210	\$35.5 M
36	C R699C	C51 505	51 505	Document Production On-site and Off-site Services - Document production on-site and off-site services provide customers a practical turn-key solution to a customer's requirements for production of documents. A typical document production service would include the required equipment (e.g., high-volume digital color copiers, scanners) and contractor provided operational and management personnel required for effective on-site/off-site document production. Document production services are available using either contractor provided and installed equipment, using existing Government-owned equipment, or using equipment installed in Government locations under Lease-to-Ownership Plans. In addition, single or multiple shift production operations; consumable supplies (paper and transparencies are usually not included); on-going equipment maintenance; and customized agency reports are included. Negotiated Operational Performance Standards may be jointly developed and included in the purchase order (e.g., job turn-around time, maximum number of	\$1M	561210	\$35.5 M
				impressions per day or month, document quality expectations, turn-around performance and accuracy.

Single Schedule	Prior SIN	New SIN	Single Schedule SIN	SIN Definition	Maximum Order	NAICS Code	Size Standard
871	CR425	C871 1	871 1	Strategic Planning for Technology Programs/Activities : Services required under this SIN involve the definition and interpretation of high level organizational engineering performance requirements such as projects, systems, missions, etc., and the objectives and approaches to their achievement. Typical associated tasks include, but are not limited to an analysis of mission, program goals and objectives, program evaluations, analysis of program effectiveness, requirements analysis, organizational performance assessment, special studies and analysis, training, and consulting. Example: The evaluation and preliminary definition of new and/or improved performance goals for navigation satellites such as launch procedures and costs, multi-user capability, useful service life, accuracy and resistance to natural and man-made electronic interference. This SIN does not include architect engineer services as defined by the Brooks Act and the Federal Acquisition Regulations (FAR) Part 2 and does not include design or construction services defined in the FAR, Part 2 and Part 36.	\$1M	541330 541711 541712	\$4.5 M 500 Employees 500 Employees
871	CR425	C871 2	871 2	Concept Development and Requirements Analysis: Services required under this SIN involve abstract or concept studies and analysis, requirements definition, preliminary planning, the evaluation of alternative technical approaches and associated costs for the development of enhancement of high level general performance specifications of a system, project, mission or activity. Typical associated tasks include, but are not limited to requirements analysis, cost/cost performance trade-off analysis, feasibility analysis, developing and completing fire safety evaluation worksheets as they relate to professional engineering services, regulatory compliance support, technology/system conceptual designs, training, and consulting. Example: The development and analysis of the total mission profile and life cycle of the improved satellite including examination of performance and cost tradeoffs. This SIN does not include architect engineer services as defined by the Brooks Act and the Federal Acquisition Regulations (FAR) Part 2 and does not include design or construction services defined in the FAR, Part 2 and Part 36.	\$1M	541330 541711 541712	\$4.5 M 500 Employees 500 Employees

871	CR425	C871 3	871 3	<p>System Design, Engineering and Integration: Services required under this SIN involve the translation of a system (or subsystem, program, project, activity) concept into a preliminary and detailed design (engineering plans and specifications), performing risk identification/analysis, mitigation, traceability, and then integrating the various components to produce a working prototype or model of the system. Typical associated tasks include, but are not limited to computer-aided design, (eg. CADD), design studies and analysis, design review services, shop drawing review services, submittal review services, conducting fire protection facility surveys, developing risk reduction strategies and recommendations to mitigate identified risk conditions, fire modeling, performance-based design reviews, high level detailed specification and scope preparation, configuration, management and document control, fabrication, assembly and simulation, modeling, training, and consulting. Example: The navigation satellite concept produced in the preceding stage will be converted to a detailed engineering design package, performance will be computer simulated and a working model will be built for testing and design verification. This SIN does not include architect engineer services as defined by the Brooks Act and the Federal Acquisition Regulations (FAR) Part 2 and does not include design or construction services defined in the FAR, Part 2 and Part 36</p>	\$1M	541330 541711 541712	\$4.5 M 500 Employees 500 Employees
871	CR425	C871 4	871 4	<p>Test and Evaluation Services: Services required under this SIN involve the application of various techniques demonstrating that a system (subsystem, program, project or activity) performs in accordance with the objectives outlined in the original design. Typical associated tasks include, but are not limited to testing of a prototype, first article(s) testing, environmental testing, performing inspections and witnessing acceptance testing of fire protection and life safety systems as they relate to professional engineering services, independent verification and validation, reverse engineering, simulation and modeling (to test the feasibility of a concept), system, quality assurance, physical testing of the product system, training, and consulting. Example: The navigation satellite-working model will be subjected to a series of tests, which may simulate and ultimately duplicate its operational environment. This SIN does not include architect engineer services as defined by the Brooks Act and the Federal Acquisition Regulations (FAR) Part 2 and does not include design or construction services defined in the FAR, Part 2 and Part 36.</p>	\$1M	541330 541711 541712	\$4.5 M 500 Employees 500 Employees

871	CR425	C871 5	871 5	Integrated Logistics Support Services: Services required under this SIN involves the analysis, planning and detailed design of all engineering specific logistics support including material goods, personnel, and operational maintenance and repair of systems throughout their lifecycles, excluding those systems associated with real property. Typical associated tasks include, but are not limited to ergonomic/human performance analysis, feasibility analysis, logistics planning, requirements determination, policy standards/procedures development, conducting research studies, long-term reliability and maintainability, training, and consulting. Example: The full range of life cycle logistics support for the navigation satellite will be identified and designed in this stage including training, operation and maintenance requirements, and replacement procedures. This SIN does not include architect engineer services as defined by the Brooks Act and the Federal Acquisition Regulations (FAR) Part 2 and does not include design or construction services defined in the FAR, Part 2 and Part 36	\$1M	541330 541711 541712	\$4.5 M 500 Employees 500 Employees
871	CR425	C871 6	871 6	Acquisition and Life Cycle Management Services: Services required under this SIN involve all of the planning, budget, contract and systems/program management functions required to procure and or/produce, render operational and provide life cycle support (maintenance, repair, supplies, engineering specific logistics) to (technology based) systems, activities, subsystems, projects, etc. Typical associated tasks include, but are not limited to operation and maintenance, evaluation of inspection, testing, and maintenance program for fire protection and life safety systems, program/project management, technology transfer/insertion, training and consulting. Example: During this stage the actual manufacturing, launch, and performance monitoring of the navigation satellite will be assisted through project management, configuration management, reliability analysis, engineering retrofit improvements and similar functions. This SIN does not include architect engineer services as defined by the Brooks Act and the Federal Acquisition Regulations (FAR) Part 2 and does not include design or construction services defined in the FAR, Part 2 and Part 36	\$1M	541330 541711 541712	\$4.5 M 500 Employees 500 Employees

871	CR425A	C871 7	871 7	Construction Management (CM): Customer agencies shall utilize construction and project managers as its principal agent to advise on or manage the process over the project regardless of the project delivery method used. The Construction Manager assumes the position of professional adviser or extension of staff to the customer agency. The Construction Manager frequently helps the customer agency identify which delivery method is the best for the project. The construction management approach utilizes a firm (or team of firms) with construction, design and management expertise to temporarily expand the customer agency's capabilities, so that they can successfully accomplish their program or project. The Construction Manager also provides expert advice in support of the customer agency's decisions in the implementation of the project. NOTE: This SIN does not include architect engineer services as defined by the Brooks Act and the Federal Acquisition Regulations (FAR) Part 2 and does not include design or construction services defined in the FAR, Part 2 and Part 36. This SIN does not include Davis-Bacon Act work as described in FAR Subpart 22.4. NOTE: Offerors seeking a Consolidated contract that includes Professional Engineering services, SIN C871-7, must ensure that examples of relevant experiences include the scope of work contained in the SIN description for construction management projects. Relevant experience demonstrates services provided in a professional advisory or consultant role. Experience examples should not reference design or construction work related to real property. Before submitting an offer, offerors should also read the Construction Management Guide available at www.gsa.gov/pes or the Fire Protection Implementation Guide available at www.gsa.gov/pes to ensure full understanding of the range and scope of services included in SIN C871-7, Construction Management	\$1M	236220	\$33.5 M
				Mission Oriented Business Integrated Services (MOBIS) (874)			
874	CR499	C874 1	874 1	Consulting Services - Contractors shall provide expert advice, assistance, guidance or counseling in support an agency's mission-oriented business functions. Services covered by this SIN are: Management or strategy consulting, Program planning, audits, and evaluations, Studies, analyses, scenarios, and reports relating to an agency's, mission-oriented business programs or initiatives, such as defense studies, tabletop exercises or scenario simulations, educational studies, regulatory or policy studies, health care studies, economic studies, and preparedness studies, Executive/management coaching services, Customized business training as needed to successfully perform/complete a consulting engagement, Policy and regulation development assistance, Expert Witness services in support of litigation, claims, or other formal cases, Advisory and assistance services in accordance with FAR 37.203. Financial audits are covered under GSA Schedule 520, Financial and Business Services, are not allowed under this SIN. The term "consulting" as defined herein does not include staff augmentation.	\$1M	541611	\$7 M

Single Schedule	Prior SIN	New SIN	Single Schedule SIN	SIN Definition	Maximum Order	NAICS Code	Size Standard
874	CR499	C874 2	874 2	Facilitation Services: Contractor shall provide facilitation and related decision support services for agencies engaged in collaboration efforts, working groups, or teams. Services covered by this SIN are: Defining, refining, and resolving disputes, disagreements, and divergent views (excluding EEO disputed), Leading or facilitating group briefings and discussions, enabling focused decision-making, Recording discussion content and related facilitation support services, Debriefing stakeholders, Preparing and providing draft and final reports relating to the facilitated issues. Conference planning and management services are excluded from this SIN; these services are specifically covered under GSA Schedule 541, Advertising and Integrated Marketing Services. EEO disputes are covered under GSA Schedule 738X, Human Resources & Equal Employment Opportunity, and are excluded from this SIN.	\$1M	541611	\$7 M
874	CR499	C874 3	874 3	Survey Services: Contractors shall provide surveying relating to mission-oriented business issues. Contractors shall assist with or perform all phases of the survey process. Services covered by this SIN are: Survey planning, design, and development, Pretest/pilot surveying, Assessing reliability and validity of data, Conducting/ administering surveys, Analyses of quantitative and qualitative survey data, Production of reports related to the survey, Briefings of results to stakeholders, Any surveys relating to condition or status of equipment or property, or Architect and Engineering services as defined in FAR 36.601-4, are prohibited under MOBIS.	\$1M	541611	\$7 M
874	CU099 CU008	C874 4	874 4	Training Services: Instructor Led Training, Web Based Training Web Based Training and Education Courses, Course Development and Test Administration - Proposed courses shall be commercially-available off-the-shelf training and/or educational courses that are delivered via an Instructor-led (i.e. traditional classroom setting or conference/seminar) and/or web-based (i.e. Internet/Intranet, software packages and computer applications) system. Courses shall have a defined course title, length of time (i.e. hours, days, semesters, etc.), description of material to be taught (i.e. syllabi, table of contents, etc.), and whether materials are included (i.e. books, pamphlets, software, etc.). Support materials not included may be offered on SIN 874-5. Proposed professional services shall be in support of planning, creating, and/or executing test administration, learning management, customized subject matter specific training and/or educational courses that are delivered via an instructor-led (i.e. traditional classroom setting or conference/seminar) and/or web-based (i.e. Internet/Intranet, software packages and computer applications) system. At minimum, proposed professional services in support of planning, creating, and/or executing a customized course(s) shall include labor categories (i.e. Subject Matter Experts (SMEs), Program Managers, Project Managers, Research Assistant, Technical Specialist, etc.), subject matter(s), and methodology(ies) to be used. Acquisition training will be accomplished under SIN 874-8. Functional training covered under other schedules will not be accomplished under this SIN.	\$1M	611430 611519 611710	\$7 M \$7 M \$7 M

Single Schedule	Prior SIN	New SIN	Single Schedule SIN	SIN Definition	Maximum Order	NAICS Code	Size Standard
874	CR707	C874 6	874 6	Acquisition Management Support - Contractors shall provide professional support services to agencies in conducting federal acquisition management activities. Services covered by this SIN are: acquisition planning assistance, including market research and recommending procurement strategy; acquisition document development, including cost/price estimates, quality assurance surveillance plans, statements of work, synopses, solicitations, price negotiation memoranda, etc.; expert assistance in supporting proposal evaluations, including price/cost analysis or technical proposal analysis; contract administration support services, including assistance with reviewing contractor performance, developing contract modifications, and investigating reports of contract discrepancies; contract close-out assistance; Competitive Sourcing support, including OMB Circular A-76 studies, strategic sourcing studies, privatization studies, public-private partnerships, and Federal Activities Inventory Reform (FAIR) Act studies.	\$1M	541611	\$7 M
874	CR408	C874 7	874 7	Program and Project Management Services - Contractors shall provide services to assist agencies in planning, initiating, managing, executing, and closing out mission-oriented business programs and projects. Services included are: Project leadership and communications with stakeholders; project planning and scheduling; earned value management support; project management, including performance monitoring and measurement; reporting and documentation associated with project/program objectives; stakeholder briefings, participation in required meetings, and related project support services; program integration services; and project close-out services. All services must be provided and performed under the supervision/management of the contractor's Project Manager or Program Manager. Orders for services under this SIN without an accompanying Program/ Project Manager labor category are prohibited.	\$1M	541611	\$7 M
874	CU009	C874 8	874 8	DAU and FAI Certified DAWIA and FAC Acquisition Workforce Training for GS-1102 and non-1102 Personnel - Training for Acquisition Workforce (GS-1102 and non-GS-1102): In accordance with the Office of Federal Procurement Policy's (OFPP) Policy Letter 05-01, training courses shall be certified by the Defense Acquisition University (DAU) and comply with the Federal Acquisition Institute's (FAI) policy, and based on the Defense Acquisition Workforce Improvement Act's (DAWIA) and the Federal Acquisition Certification (FAC) requirements for certification at the junior, intermediate, and senior levels to reflect the need to meet increasingly more rigorous standards for education, training, and experience. This shall apply to all Contracting Officers (CO) regardless of general schedule series with authority to obligate funds above the micropurchase threshold; all positions in the general schedule purchasing series (GS-1105); program and project managers (FAC-PM), as identified by the agency's Chief Acquisition Officer (CAO), or equivalent; all Contracting Officer's Representatives (CORs) and Contracting Officer's Technical Representatives (COTRs), or equivalent (FAC-COTR); all Emergency Response and Recovery Contracting Personnel; and significant acquisition-related positions identified by the CAO, or equivalent, using the guidance provided in OFPP Policy Letter 05-01.	\$1M	611430	\$7 M

874V	CR706	C874 501	874 501	<p>Supply and Value Chain Management - Services that include all phases of planning, acquisition and management of logistics systems. These services include, but are not limited to planning, acquisition, design, development, testing, production, fielding, management, operation, maintenance, sustainment, improvement, modification and disposal. Examples of the type of services that may be performed under this SIN include: Logistics consulting for planning for the acquisition and life cycle phases of supply and value chain systems including the following: defining and establishing program objectives, strategies, plans and schedules; develop milestone documentation; market research and acquisition planning; material requirements identification, planning, acquisition and management; develop specifications or performance based work statements and task estimates; develop, document and support maintenance procedures and technical manuals; configuration data management and related documentation; expansion and consolidation studies, field problem analysis and recommendation of corrective actions and system modernization; Needs assessment/system assessment; Inventory/asset/vendor management; Inventory management and operation (inclusive of salvage, recycle and/or disposal management); operation of warehouses, stockrooms, storage facilities or depots; Fulfillment systems and operations; platform management; Information logistics processing systems analysis design, and implementation; staging, shipping, receiving, packing, crating, moving and storage (excluding household goods); packaging, labeling, bar coding system consultation, design, implementation, operation and maintenance; design and installation of material handling systems; hazardous material storage and handling (Non-radioactive only); warehouse and location management systems; recycling program management of warehousing materials; preservation and protection of specialized inventory or documents; maintenance, repair and overhaul (MRO) support and/or support process management; aircraft repair and maintenance; ship repair and maintenance; property disposal management; logistics strategic planning services; logistics systems engineering services; logistics program management services and support; Unique Identification (UID)/Radio Frequency Identification (RFID) services; Program and project management; acquisition and life cycle management; spares modeling; supply chain integration planning; global integrated supply chain solutions planning and implementation. (note acquisition functions can not be procured as stand-alone services).</p>	\$1 M	541614	\$7 M
874V	CR706	C874 503	874 503	<p>Distribution and Transportation Logistics Services - Distribution and Transportation Logistics Services - Planning and designing, implementing, or operating systems or facilities for the movement of supplies, equipment or people by road, air, water, rail, or pipeline. Typical tasks include moving and storage (excluding household goods), location modeling, transportation system development and management, carrier management and routing, freight forwarding, courier services, shuttle services and facilitating customs processing. Commercial passenger airline services covered by the Airline City Pair Program are excluded.</p>	\$1 M	541614	\$7 M

Single Schedule	Prior SIN	New SIN	Single Schedule SIN	SIN Definition	Maximum Order	NAICS Code	Size Standard
874V	CR706	C874 504	874 504	Deployment Logistics Services - Deployment Logistics - Typical tasks include contingency planning, identifying/utilizing regional or global resources, integrating public/private sector resources, inventory/property planning, movement, storage, end-to-end office and industrial relocation/expansion services, including project/asset/ construction management, space planning and project integration/implementation, pre-positioning assets, facilitating customs processing/accountability; and deploying communications and logistics systems to permit rapid deployment and management of supplies and equipment.	\$1 M	541614	\$7 M
874V	CR706	C874 505	874 505	Logistics Training Services - Training in system operations, automated tools for supply and value chain management, property and inventory management, distribution and transportation management, and maintenance of equipment and facilities supporting these activities.	\$1 M	541614	\$7M
874V	CR706	C874 507	874 507	Operations & Maintenance Logistics Management and Support Services - Planning, designing, managing, operating and maintaining reliable and efficient systems, equipment, facilities and logistics infrastructures to improve equipment and logistics performance, and reduce life cycle costs. Typical tasks include complete turnkey operations, maintenance and support services, base operations support (BOS), depot maintenance, preventative maintenance planning, fleet/property management and maintenance, mobile utility support equipment operation, maintenance and repair, strategic account/project management, integrated facility management and operations management support. Excluded from these services are construction, and the operation of computer centers (which is covered under the IT Schedule). Teaming with other GSA Schedule holders may be a viable method of acquisition, particularly considering satisfaction of small business goals (e.g., providing pest control, guard services, elevator maintenance, fire suppression support, beautification services, etc).	\$1 M	561210	\$35.5 M
				Environmental (899)			

Single Schedule	Prior SIN	New SIN	Single Schedule SIN	SIN Definition	Maximum Order	NAICS Code	Size Standard
899	CF999	C899 1	899 1	<p>Environmental Consulting Services - Under this SIN, only consulting services may be performed. The services include, but are not limited to: Planning and Documentation Services for the development, planning, facilitation, coordination, and documentation of and/or for environmental initiatives (or mandates such as Executive Order 13423) in areas of chemical, radiological, and/or hazardous materials; ISO 14001 Environmental Management System (EMS) and sustainable performance measure development; Environmental Assessment (EA) and Environmental Impact Statement (EIS) preparation under the National Environmental Policy Act (NEPA); Endangered species, wetland, watershed, and other natural resource management plans; Archeological and/or cultural resource management plans; Environmental program and project management; Environmental regulation development; Economic, technical and/or risk analysis; other environmentally related studies and/or consultations; Homeland Security solutions that include Biochemical protection; Crime prevention through environmental design surveys (CPTED); Economical, technical and/or risk analysis; Identification and mitigation of threats inclusive of protective measures to mitigate the threats; and Vulnerability assessments. Compliance Services such as review, audit, and implementation/management of EMS and other compliance and contingency plans and performance measures; Permitting; Spill prevention/control and countermeasure plans; Pollution prevention surveys; and Community Right to-Know Act reporting. Advisory Services for ongoing advice and assistance with data and information in support of agency environmental programs involving areas such as Hazardous material spills; Material safety data sheets (MSDS), Biological/medical data sheets; Information hotlines; Poison control hotlines; Environmental regulations and environmental policy/procedure updates; Management, furnishing, or inventory of MSDS. Waste Management Consulting Services to provide guidance in support of waste-related data collection, feasibility studies and risk analyses; Resource Conservation and Recovery Act/ Comprehensive Environmental Response Compensation and Liability Act (RCRA/CERCLA) site investigations; Hazardous and/or non-hazardous exposure assessments; Waste characterization and source reduction studies; Review and recommendation of waste tracking or handling systems; Waste management plans and/or surveys; Waste minimization/pollution prevention initiatives; and Review of technologies and processes impacting waste management.</p>	\$1 M	541620	\$7M
